

**NextZero Commercial &
Industrial Program Custom
Application Form**

Shrewsbury Electric and Cable Operations' (SELCO) NextZero's Commercial & Industrial program provides incentives and technical assistance to promote the identification and implementation of electric energy efficiency improvements in Shrewsbury, Massachusetts. The program targets all cost effective opportunities that result in electric savings in existing or new facilities. Applications will be reviewed on a first come first serve basis.

How does it Work? Customers who are interested in participating in the program should complete and submit this application form. The program administrator will contact the applicant by phone to review the application and to better understand the specific goals and interests of the applicant. **SELCO** and the program administrator will work with the applicant throughout the process to help customers achieve their goals. Further information on the program design including eligible measures, incentive caps and financing options are provided in the Custom Retrofit Program Description available at mmwecgoprogram.org.

Who is Eligible? All non-residential customers, including commercial, industrial, governmental, and institutional facilities are eligible to participate in the program. Customers must be in good financial standing with **SELCO** to participate in the program.

How to Apply:

- 1) Complete all fields in this application to the best of your ability.
- 2) Sign and date this application, making sure to include your **SELCO** account number.
