

NextZero PROGRAM
Prescriptive Lighting Retrofit Incentive
Application Form – Templeton
Toll Free Hotline: 844-371-6704

Program Overview: The NextZero Prescriptive Lighting Incentive Program is designed to expedite the processing and installation of typical lighting energy efficiency opportunities in commercial, industrial, and non-residential buildings. Incentives are offered to promote the installation of premium efficiency lighting equipment and offset the incremental cost of such equipment over standard replacements.

Incentives are capped at 50% of Installed Costs up to \$1,000.

4 Easy Steps to receive your NextZero Incentive:

1. Is your project eligible?

- Equipment must be new and installed in a non-residential building located in a participating Massachusetts Municipal Utility Territory.
- Installation completed, or to be completed, within the current program year of **January 1, 2026, to December 31, 2026**. Applications must be received within the current program year to qualify for incentives.

2. Is the equipment you intend to buy eligible?

- Only the exact product types and minimum efficiency levels listed in this form are eligible for prescriptive incentives.

3. Complete and sign the application.

- *Incomplete applications will delay review and payment. Please be sure to provide all requested information.*

4. Pre-Approval is required for all projects:

- Before you purchase and install the equipment, send the following to the NextZero Program to receive a “pre-approval incentive” letter:
 - a. Your application with all the requested information filled in.
 - b. Manufacturer’s technical specification sheets (“cut sheets”) for each type of eligible equipment purchased.
 - c. A copy of your most recent electric bill.
 - d. A W9 for the rebate recipient (customer or installer, as indicated on application page 2).

Please note that item b, above, must be submitted for your application to be processed.

- After you have purchased and installed the qualified equipment, return the following to the NextZero Program:
 - a. A signed copy of your “pre-approval incentive” letter.
 - b. A copy of your invoice showing the date and place of purchase and model/part numbers of the equipment installed.
 - c. *Invoices must be submitted within 60 days of the invoice date.*

Please note: To receive an incentive from the NextZero Program, invoices, and manufacturer’s technical data sheets (“cut sheets”) will always be required.

Application Submission: Submit the application and appropriate documents using one of the following methods:

E-mail: EnergySavings@mmwec.org

Mail: NextZero Program c/o DNV

120 Water Street, Suite 350

North Andover, MA 01845

Total project reimbursement at the discretion of the TML&WP

CUSTOMER AUTHORIZATION

By signing this application, I acknowledge that I have read and understand the terms and conditions of the program and I verify that all information provided in this application is accurate and true to the best of my knowledge

Customer's Name and Title:

Customer's Signature and Date:

Pre-approval is required for all projects. See page 1 of application for steps to be pre-approved. Incentives are capped at 50% of installed costs up to \$1,000. See program descriptive for maximum incentive allowed. To qualify for the incentive:

- Equipment must be new and installed in a non-residential building.
- Installation is completed within the current program year of January 1, 2026, to December 31, 2026.
- Applications are received within the current program year of January 1, 2026, to December 31, 2026.
- Invoices must be submitted within 60 days of the invoice date. Note: Invoices for projects completed in December 2026 must be received by January 31, 2027.
- Fill out entire application and provide the following:
 - Manufacturer's technical specification sheets ("cut sheets") for each type of eligible equipment purchased.
 - Copy of your most recent electric bill.
 - Copy of your invoice showing the date and place of purchase and the model/part numbers of the equipment installed.
 - Copy of W9 for the rebate recipient (customer or installer, as indicated on application page 2).

Total project reimbursement at the discretion of the TML&WP
