**Prescriptive HVAC Incentive
Application Form – Wakefield**
Toll Free Hotline: 844-371-6704

Program Overview: The NextZero Prescriptive HVAC Incentive Program is designed to expedite the processing and installation of typical HVAC energy efficiency opportunities in commercial, industrial, and non-residential buildings. Incentives are offered to promote the installation of premium efficiency HVAC equipment and offset the incremental cost of such systems over standard replacements.

Incentives are capped at 50% of Installed Costs up to \$5,000.

4 Easy Steps to receive your NextZero Incentive:

1. Is your project eligible?

- Equipment must be new and installed in a non-residential building located in a participating Massachusetts Municipal Utility Territory.
- Installation completed, or to be completed, within the current program year of **January 1, 2026, to December 31, 2026**. Applications must be received within the current program year to qualify for incentives.

2. Is the equipment you intend to buy eligible?

- Only the exact product types and minimum efficiency levels listed in this form are eligible for prescriptive incentives.

3. Complete and sign the application.

- *Incomplete applications will delay review and payment. Please be sure to provide all requested information.*

4. Pre-Approval is required for all incentive applications:

- **Before** you purchase and install the equipment, send the following to the NextZero Program to receive a “pre-approval incentive” letter:
 - a. Your application with all the requested information filled in.
 - b. Manufacturer’s technical specification sheets (“cut sheets”) for each type of eligible equipment purchased.
 - c. A copy of your most recent electric bill.
 - d. A W9 for the rebate recipient (customer or installer, as indicated on application page 2).

*Please note that item b, above, **must** be submitted for your application to be processed.*

- After you have purchased and installed the qualified equipment, return the following to the NextZero Program:
 - a. A signed copy of your “pre-approval incentive” letter.
 - b. A copy of your invoice showing the date and place of purchase and model/part numbers of the equipment installed.
 - c. **Invoices must be submitted within 60 days of the invoice date.**

Please note: To receive an incentive from the NextZero Program, invoices, and manufacturer's technical data sheets (“cut sheets”) will always be required.

Air Cooled Unitary and Split (new condenser and new coil) Air Conditioning Systems		
Type of Measure	Additional Information	Incentive
Wifi (also called "Smart") Thermostat**	Must control electric heat and/or central AC; includes Smart Line Voltage Controls and Smart Remote Minisplit Controls; must be programmed such that the energy saving features are enabled	\$25/Unit
Dual Enthalpy Economizer	Outside air economizer utilizing 2 enthalpy sensors (1 for outdoor and 1 for return air)	\$250/Unit
Demand Control Ventilation	Outside air intake controlled based on CO2 sensor	\$200/Unit

**** These are wifi-enabled device that automatically adjust heating and cooling temperature settings in your business for optimal performance. These devices must be installed and programmed such that the automatic energy savings features are enabled**

Pre-approval is required for all incentive applications. See page 1 of application for steps to be pre-approved. Incentives are capped at 50% of installed costs up to \$5,000.

See program description for maximum incentive allowed. To qualify for the incentive

- Equipment must be new and installed in a non-residential building
- Installation is completed within current program year of January 1, 2026 to December 31, 2026.
- Applications are received within current program year of January 1, 2026 to December 31, 2026.
- Invoices must be submitted within 60 days of the invoice date. Note: Invoices for projects completed in December 2026 must be received by January 31, 2027
- Fill out entire application and provide the following:
 - ___ Manufacturer's technical specification sheets ("cut sheets") for each type of eligible equipment purchased.
 - ___ Copy of your most recent electric bill.
 - ___ Copy of your invoice showing the date and place of purchase and the model/part numbers of the equipment installed.
 - ___ Copy of your W9 for the rebate recipient (customer or installer, as indicated on application page 2).
