Electric Customer Information

Account Number		Service Address* Street, City, State, Zip	
Customer Name			
Email		Mailing Address Street, City, State, Zip (if different from above)	
Phone			
X _____ <i>Customer Signature</i>		Your signature certifies that all information above is correct to the best of your knowledge and that you adhere to all terms and conditions of this rebate. Your signature also certifies that you have received a Manual J sizing report from your contractor and that you are satisfied that the heat pump will meet your heating and air conditioning needs.	
Rounding up of SEER2/EER2/HSPF2/COP ratings is not acceptable; 1 Ton = 12,000 BTUs			

Heat Pump	SEER2	HSPF2	COP	Partial	Whole Home	Low to Moderate Income Adder	Heat Pump	EER2	COP	Rebate
Air Source Heat Pump Mini Split Heat Pump	≥ 15.2	≥ 8.1	≥ 1.75@5°F	<input type="checkbox"/> \$500/ton	<input type="checkbox"/> \$750/ton	<input type="checkbox"/> \$250/ton	Ground Source Heat Pump	≥ 20	≥ 3.5	\$2,000

Partial Home Installation – Rebate is capped at **\$2,000**.

Whole Home Installation – A NextZero Post Installation Inspection is required to be performed to confirm heat pump is a whole home system and to confirm removal of fossil fuel system. Please call 866-306-0909 to schedule inspection. Rebate capped at **\$3,000**. Manual J required

Low to Moderate Income (LMI) Adder – Contact IELD at 978-356-6635 to obtain a LMI approval letter. Total rebate capped at **\$5,000**.

Project Information

What fuel was used by heating system being replaced? (Select <u>only one</u>) *Natural gas customers are not eligible; they must use the Mass Save program.	<input type="checkbox"/> Natural Gas* <input type="checkbox"/> Electric Resistance <input type="checkbox"/> Older Heat Pump <input type="checkbox"/> Propane <input type="checkbox"/> Oil <input type="checkbox"/> Other _____
Was the older fossil fuel heating system removed/disconnected? Removal/disconnection of pre-existing heating system is defined as furnace/boiler disconnection, oil tank removal, capping off fuel pipes/lines to oil tank or furnace/boiler, disconnected the fossil fuel system from providing heat but retained for hot water only.	<input type="checkbox"/> Yes <input type="checkbox"/> No If no, will it be used as back up? <input type="checkbox"/> Yes <input type="checkbox"/> No
Is the new heat pump a “Whole Home” or “Partial Home” system? Whole Home Heat Pump – has the ability to heat/cool every finished room in home Partial Home Heat Pump – is only able to heat/cool part of the home	<input type="checkbox"/> Whole Home Heat Pump <input type="checkbox"/> Partial Home Heat Pump
Were integrated controls installed? Integrated controls - allow a heat pump and a backup fossil fuel heating system (like a furnace or boiler) to work together automatically. The controls use sensors to switch between the two systems based on pre-set temperature to maximize energy savings and comfort without requiring manual intervention from the homeowner.	<input type="checkbox"/> Yes <input type="checkbox"/> No If yes, indicate the switch-over temperature? _____°F

Heat Pump System Information

Customer Name _____	Account # _____ Town _____
Installation Date	
Installation Cost	
AHRI Certificate Reference #	
Condenser (Outdoor) Manufacturer	
Condenser (Outdoor) Model #	
SEER2, HSPF2, COP (Air Source Only)	SEER2 _____ HSPF2 _____ COP _____
EER2* and COP (Ground Source Only)	EER2 _____ COP _____
Cooling Capacity BTUs from AHRI Certificate	
Contractor's Company Name	
Contractor's Address Street, City, State, Zip	
Contractor's Phone	
Contractor's Email	
Contractor License #	
Were weatherization improvements also made as part of heat pump installation project?	<input type="checkbox"/> Yes If yes, indicate those that apply below. <input type="checkbox"/> No <input type="checkbox"/> Insulation <input type="checkbox"/> Air Sealing <input type="checkbox"/> Duct Sealing <input type="checkbox"/> Other _____

Required Documentation For Processing:

1. Completed Rebate Form (Both Pages Required)
2. Copy of Recent Electric Bill (ALL Pages)
3. AHRI Certificate (Obtain from Contractor)
4. Copy of Contractor's Invoice Including:
 - Install Date & Address of Installed Equipment
 - Size in BTUs
 - Total Installation Cost
 - Condenser (Outdoor Unit) Model #
5. Post Installation Inspection Form (Only Required for Whole Home Heat Pump Rebate)
6. Manual J Sizing Report (Only Required for Whole Home Heat Pump Rebate)
7. If applying for LMI Adder, include LMI Approval Letter from IELD

Some Restrictions Apply:

- Rebates only available to current customers in good standing with their electric utility.
- Ductless mini-split cooling-only units are not eligible
- Must be purchased and installed between 1/1/2026 – 12/31/2026
- Applications must be postmarked by 1/31/2027 and sent to the address on page 1 of this application
- Heat pumps must be installed by a licensed contractor
No self installs
- If applying for the LMI adder, contact IELD at 978-356-6635 to obtain an approval letter prior to applying for the rebate
- Rebate will be issued as a check to the electric account owner

Have Questions? Call: (413) 308-1311 or help@nextzero.org

Please Allow 4 – 6 Weeks for Processing
