

## 2026 HEAT PUMP REBATES

## Marblehead Municipal Light Department

Have Questions? Call: (413) 308-1311 or [help@nextzero.org](mailto:help@nextzero.org)

**Mail Required Items to:  
MMWEC  
Attn: Rebates  
327 Moody St.  
Ludlow, MA 01056**

*OR Apply Online at [www.NEXTZERO.org](http://www.NEXTZERO.org)*

## Electric Customer Information

***Please Allow 4 – 6 Weeks for Processing***

<b>Account Number</b>		<b>Service Address*</b> <b>Street, City, State, Zip</b>	
<b>Customer Name</b>			
<b>Email</b>		<b>Mailing Address</b> <b>Street, City, State, Zip</b> <b>(if different from above)</b>	
<b>Phone</b>			

**X** \_\_\_\_\_

Rounding up of SEER2/EER2/HSPF2/COP ratings is not acceptable: 1 Ton = 12,000 BTUs

Your signature certifies that all information above is correct to the best of your knowledge and that you adhere to all terms and conditions of this rebate. Your signature also certifies that you have received a Manual J sizing report from your contractor and that you are satisfied that the heat pump will meet your heating and air conditioning needs.

## Heat Pump Rebate Type

## Air Source Heat Pump

**\$500 per Ton/12,000 BTUs of Cooling Capacity ~ Heat Pump Must Have a SEER2 ≥ 15.2, HSPF2 ≥ 8.1, COP ≥ 1.5@5°F**

**Ground Source Heat Pump**

**\$750 per Ton/12,000 BTUs of Cooling Capacity  $\sim$  Heat Pump Must Have a EER2  $\geq 19.2$  and COP  $\geq 3.5$**

**\*Maximum rebate amount is \$1,500 (which is based on 36,000 BTUs) per address, per calendar year\***

**Note: Exact rebate dollar amount is calculated using the Cooling Capacity BTUs listed on the AHRI Certificate.**

## Project Information

<p><b>What fuel was used by heating system being replaced? (Select <u>only</u> one)</b></p>	<p><input type="checkbox"/> Natural Gas   <input type="checkbox"/> Electric Resistance   <input type="checkbox"/> Older  <input type="checkbox"/> Propane   <input type="checkbox"/> Oil   <input type="checkbox"/> Heat Pump  <input type="checkbox"/> Other _____</p>
<p><b>Was the older fossil fuel heating system removed/disconnected?</b>            Removal/disconnection of pre-existing heating system is defined as furnace/boiler disconnection, oil tank removal, capping off fuel pipes/lines to oil tank or furnace/boiler, disconnected the fossil fuel system from providing heat but retained for hot water only.</p>	<p><input type="checkbox"/> Yes   <b>If no, will the old system be used ONLY as a back up to the new heat pump?</b>  <input type="checkbox"/> No   <input type="checkbox"/> Yes   <input type="checkbox"/> No</p>
<p><b>Is the new heat pump a "Whole Home" or "Partial Home" system?</b>            Whole Home Heat Pump – has the ability to heat/cool every finished room in the home            Partial Home Heat Pump – is only able to heat/cool part of the home</p>	<p><input type="checkbox"/> <b>Whole Home Heat Pump</b>  <input type="checkbox"/> <b>Partial Home Heat Pump</b></p>
<p><b>Were integrated controls installed?</b>            Integrated controls - allow a heat pump and a backup fossil fuel heating system (like a furnace or boiler) to work together automatically. The controls use sensors to switch between the two systems based on pre-set temperature to maximize energy savings and comfort without requiring manual intervention from the homeowner.</p>	<p><input type="checkbox"/> Yes  <input type="checkbox"/> No  <b>If yes, indicate the switch-over temperature? _____°F</b></p>

## Heat Pump System Information

Customer Name _____	Account # _____	Town _____	
Installation Date			
Installation Cost			
AHRI Certificate Reference #			
Condenser (Outdoor) Manufacturer			
Condenser (Outdoor) Model #			
SEER2, HSPF2, COP (Air Source Only)	SEER2 _____	HSPF2 _____	COP _____ (If Available)
EER2* and COP (Ground Source Only)	EER2 _____	COP _____	
Cooling Capacity BTUs from AHRI Certificate			
Contractor's Company Name			
Contractor's Address Street, City, State, Zip			
Contractor's Phone			
Contractor's Email			
Contractor License #			
Were weatherization improvements also made as part of heat pump installation project?	<input type="checkbox"/> Yes <input type="checkbox"/> No	If yes, indicate those that apply below. <input type="checkbox"/> Insulation <input type="checkbox"/> Air Sealing <input type="checkbox"/> Duct Sealing <input type="checkbox"/> Other _____	

### Required Documentation For Processing:

- Completed Rebate Form (Both Pages Required)
- Copy of Recent Electric Bill (ALL Pages)
- AHRI Certificate (Obtain from Contractor)
- Copy of Contractor's Invoice Including:
  - Install Date & Address of Installed Equipment
  - Size in BTUs
  - Total Installation Cost
  - Condenser (Outdoor Unit) Model #

- Rebate under \$1,000 will be issued as a bill credit
- Rebate over \$1,000 will be electronic funds transfer or check

Have Questions? Call: (413) 308-1311 or [help@nextzero.org](mailto:help@nextzero.org)

### Some Restrictions Apply:

- Ductless mini-split cooling-only units are not eligible.
- Must be purchased and installed between 1/1/2026 and 12/31/2026.
- Applications must be postmarked by 1/31/2027 and sent to the address below.
- Heat pumps must be installed by a licensed contractor. No self installs.**
